

**EQECAT Serves the Global Property and Casualty Insurance,  
Reinsurance, and Financial Markets**

EQECAT, Inc. provides state-of-the-art products and services to the global property and casualty insurance, reinsurance and financial markets. EQECAT is the technical leader and innovator of catastrophe risk management models that quantify exposure to a range of natural and man-made catastrophic risks.

Through its modeling software platform, **WORLDCATenterprise™**, EQECAT enables clients to quantify and manage the potential financial impact of natural hazards. **WORLDCATenterprise** includes 181 natural hazard software models for 95 countries spanning six continents. These models are based upon innovative applications of the latest science, engineering expertise, claims and exposure data and advanced mathematics.

EQECAT, a subsidiary of ABSG Consulting Inc., was founded in 1994 and is headquartered in Oakland, California. Contact EQECAT, Inc. for additional information.
